

LIFETIME LIMITED WARRANTY

Woodmont Cabinetry warrants its products to the original consumer purchaser to be free from defects in material and workmanship under normal residential use for the lifetime of the original consumer purchase. This warranty is non-transferable from original purchase.

During this warranty period, Woodmont Cabinetry will repair or replace at our discretion, any cabinet or its component which proves to be defective in material and/or workmanship under normal installation use and service. This warranty is limited to the replacement of defective parts only, and does not include service, labor or transportation charges related to the removal or installation of the defective parts. In addition, this warranty does not include labor or damage, related to improper installation, storage, abuse or neglect.

This warranty shall not apply to Woodmont Cabinetry or parts that have been subjected to alteration, modification, accident, damage in transit, abnormal use, extreme temperatures, high moisture levels or abrasive cleaning chemicals. Cabinet integrity is limited to the Kitchen Cabinet Manufacturers Association testing and certification standards which comply with the American National Standards Institute ANSI 161.1.

This warranty does not apply to custom manufactured cabinetry from Woodmont Cabinetry.

This warranty does not apply to any products used or installed in conjunction with Woodmont Cabinetry such as plumbing fixtures, countertops or appliances. Use of Woodmont Cabinetry or parts contrary to instructions furnished by Woodmont Cabinetry will void this warranty.

In addition, all hinges and drawer slides used in the manufacture of Woodmont Cabinetry are warranted by the manufacturer of the hinges and drawer slides for the lifetime of the product. This warranty is passed to the original consumer purchaser and is subject to the conditions stated above.

To obtain service under this warranty please contact the business from whom you purchased this product. A copy of the original purchasers dated receipt must be submitted with all claims to preserve the rights under this warranty. Woodmont Cabinetry reserves the right to inspect the claimed defective cabinets to require that the replacements will be invoiced upon shipment and credit issued upon the return and inspection of defective product if so requested.

Special Considerations:

1. Doors that are warped 1/4" or less must be allowed to hang through two seasons (ex. winter and fall) before replacement will be made. Typically, the door will return to normal flat position after it acclimates to its environment. Prior to requesting a replacement, please make sure the issue isn't being created by improper installation.
2. Finish deviations must be inspected by an authorized Woodmont Cabinetry representative. Determination will be made following the inspection whether to repair in the field or to return the product to the factory for refinishing or replacement. No field repair may be made without written approval from Woodmont Cabinetry.
3. Finish Variations: Since no two trees are alike, wood is a unique material with natural variations in grain, texture and color. These variations may also cause considerable differences between old samples and new cabinets. Please beware: Newly produced cabinets will never be the same color as aged samples and aged cabinet displays.

Woodmont Cabinetry reserves the right to change design specifications and materials as conditions change and improvements made. Woodmont Cabinetry has no obligation to incorporate such changes into products previously manufactured.

Some states do not allow the exclusion or limitation of incidental damages, so the above limitations or exclusions may not apply to you. This limited warranty gives you specific legal rights. You may also have other rights that may vary from state to state.
