At Woodmont Cabinetry, you'll find integrity ingrained in everything we do. A family-owned, faith-based company, our employees are the heart of our operation, building quality products and honest working relationships with our customers.

Yes, our products come with a warranty. But, they also come with our promise to keep manufacturing jobs in America, to minister to our community, and to safeguard our environment. Yes, our cabinets are beautiful to behold, but our customers remain loyal to Woodmont Cabinetry because of the warmth, character and integrity ingrained in everything we do. Doing things right. And doing the right things. It's how we craft our products, our lives and our business. And that's our promise.

Dakota

The Style

The Door

The broad, flat, unornamented design of Dakota Maple has the harmonious feel of well-made Shaker-style cabinetry. It features a slab drawer and Shaker flat panel front with clean mortise and tenon joinery. Integrated into a traditional or contemporary design, this unpretentious door style is the perfect accent to the all-American kitchen.

The Look

Clean, simple, profound. Like the scent of a late-morning breeze or the dazzling gold of a valley at sunset, the Dakota door style embodies pure American charm. This door is subtly sophisticated, versatile, and able to seamlessly complement any room's design.

1

Wrought Iron Pendant Lights

Refined wrought iron pendants echo the classic shape of hard-working industrial lights, while the twisted cords add a touch of whimsy and charm.

2

Sliding Barn Door

Interior sliding barn doors on single panel tracks add texture, practicality, and a hint of farmhouse style to your kitchen.

3

Granite Countertops

The rich earth tones and natural beauty of granite countertops ground the kitchen, creating a warm, comforting and timeless ambiance.

4

Beadboard Accents

As classic as apple pie, beadboard creates a sense of nostalgia while retaining the neat, clean lines of a contemporary kitchen. It's also functional - when liquids spill, they run down the grooves of the beadboard to the floor, allowing for easy clean-up.

5

Farm House Stools

Stools crafted from distressed wood and industrial metal look like they were reclaimed from the neighborhood diner. 360-degree swivel tops make them a favorite seat in the house for kids of all ages.
