

Integrity Ingrained

The American hardwoods we select from managed forests set the tone and appearance of our cabinetry. But there's something else that makes our cabinetry unique. At Woodmont Cabinetry, you'll find integrity ingrained in everything we do. A family-owned, faith-based company, our employees are the heart of our operation, building quality products and honest working relationships with our customers.

Yes, our products come with a warranty. But, they also come with our promise to keep manufacturing jobs in America, to minister to our community, and to safeguard our environment. Yes, our cabinets are beautiful to behold, but our customers remain loyal to Woodmont Cabinetry because of the warmth, character and integrity ingrained in everything we do. Doing things right. And doing the right things. It's how we craft our products, our lives and our business. And that's our promise.

Classic5 Maple Door Style
with White Paint Finish

Classic5

The Door

Steeped in tradition, the Classic5 never goes out of style. With its 5 piece drawer front, mitered flat panel, detailed edge profile, and range of tailored options, the Classic5 is perfect for those who delight in coastal tradition, farmhouse-style comfort, or every day functional charm. For a clean, modern look, pair with cool pastel colors and pendant lighting that makes a bold statement.

SHERWIN-WILLIAMS.

The Look

Freshly-baked pie cooling on the windowsill, steam pirouetting in the fresh morning air. Classic potato salad, maple baked beans, and a platter of delectable lobster rolls. No matter the region or the menu, restrained ornamentation, traditional flair and iconic, timeless Americana abound in the Classic5 door style.

The Style

1 Pendant Light with Hammered Hand Blown Glass

Keep things light with hammered hand blown glass pendant lights. The seedy glass and organic curves add just the right touch of nautical flair.

2 Custom Range Hood Cover

Give your range the dramatic high-end treatment with a custom hood cover. Fitted with an outside exhaust fan or a pop-up vent fan, your kitchen will not only look great — it will smell cleaner, too.

3 Colorful Earthenware

Artfully arranging colorful dishes against a crisp neutral background will elevate your earthenware to an ever-changing art piece.

4 Regional Accents

Bring whimsy and fun into any kitchen design with regional accents. A good-luck starfish and a fanciful shrimp pot bring seaside flavor to this Nantucket-style décor.

5 Backsplash Accent Tile

Accent tile adds interest and contrast. A simple change in direction – placing the subway tile on the diagonal – adds energy and personality to this classic kitchen backsplash. Linear glass mosaic tile brings in a splash of texture and color near the countertops.
