

Integrity Ingrained

The American hardwoods we select from managed forests set the tone and appearance of our cabinetry. But there's something else that makes our cabinetry unique. At Woodmont Cabinetry, you'll find integrity ingrained in everything we do. A family-owned, faith-based company, our employees are the heart of our operation, building quality products and honest working relationships with our customers.

Yes, our products come with a warranty. But, they also come with our promise to keep manufacturing jobs in America, to minister to our community, and to safeguard our environment. Yes, our cabinets are beautiful to behold, but our customers remain loyal to Woodmont Cabinetry because of the warmth, character and integrity ingrained in everything we do. Doing things right. And doing the right things. It's how we craft our products, our lives and our business. And that's our promise.

Montana

The Style

1 Ceiling Contrast

When planning your kitchen, don't forget to look up! Ceilings, particularly recessed or tray ceilings, provide an interesting design opportunity. They can emphasize the height of the room, create drama, or add warmth and sophistication to a neutral interior.

2 Four-Sided Open Light Pendants

Oversized pendants, like these with their open, geometric, four-sided frames, create an instant focal point. Thanks to the candelabra lights, these pendants don't just make a style statement; they provide ample task lighting over the kitchen island. The lantern-inspired shape and open iron frame update this classic with a fresh twist.

3 Mixed Metals

Mixing metals adds depth and character to a space, making the pieces in your home look like they've been collected over the years. The trick is to blend cool and warm tones as well as different textures. Here, oil-rubbed bronze sink hardware in a matte finish warms up the sleek, polished stainless steel appliances. The result? A rich, layered, appealing space.

4 Pomegranate Woodcut Print

A woodcut-style art print pays homage to a centuries-old relief printing technique. Artists' designs were carved into woodblock and inked via letterpress printers with black or, in this case, pomegranate ink. The print's bold lines and two-color palette feel at once timeless and retro-modern. Pops of pomegranate color in the fruit, flowers and linens complete the look.

5 Monochromatic Styling

White cabinetry, white leather chairs, and white pottery? Yes! Using just one color for the kitchen's major design elements imbues a harmonious, visually cohesive look that lets architectural details and quality craftsmanship shine.

The Door

Breathtaking natural beauty — big sky, fresh waters, abundant resources — it's what Montana is all about. Like its namesake, the clean lines and full overlay of our Montana door style make for fresh, rich-looking cabinetry that appeals to nearly every design sensibility.

The Look

The Montana door style is the perfect marriage of simplicity and luxury. The full overlay door creates a high-end, custom cabinetry look; yet the flat center panel, simple slab drawer, and mortise and tenon joinery result in an understated Shaker-style elegance. Montana cabinetry is a style essential that will stand the test of time in any kitchen, from classic to contemporary.
